FOR IMMEDIATE RELEASE

THOUSAND OAKS SURGICAL HOSPITAL CELEBRATES 5 YEAR ANNIVERSARY

Thousand Oaks, CA... February 2, 2010 – January 31, 2010 marks five years of delivering clinical excellence and extraordinary care by Thousand Oaks Surgical Hospital (TOSH) to the Thousand Oaks community and surrounding area.

“Reaching our five year anniversary is an exciting milestone for our hospital,” stated Robert C. Shaw, Chief Executive Officer of TOSH. “Our unrelenting commitment to the quality of care we provide our patients has positioned our hospital for success to serve our community for many years to come.”

Thousand Oaks Surgical Hospital recently was rated 1st in overall patient satisfaction for Southern California in a report based on survey data collected by the Centers for Medicare and Medicaid Services (CMS). The report also stated that 93% of patients said that they would “definitely recommend” TOSH to others.

TOSH is located at 401 E. Rolling Oaks Drive in Thousand Oaks, California. The facility hosts 6 operating suites, 1 cystoscopy operating suite, 8 pre-op rooms, 13 post-op rooms, 6 private recovery rooms, and 21 private overnight rooms.

“Our physicians and staff are energized about our future,” continued Shaw. “We are continually adding relevant clinical services and programs to best serve the medical and surgical needs of patients.”

TOSH currently provides comprehensive surgical weight loss procedures, minimally invasive endoscopic brain surgery, and joint replacement surgery, which also includes minimally invasive techniques.

Other surgical services offered by the hospital include ear, nose, and throat surgery (ENT), general surgery, gynecology, neurosurgery, ophthalmology, orthopedics, pain management, plastic surgery, podiatry, spinal surgery, sports medicine, and urology. Dallas based, Cirrus Health partnered with Thousand Oaks Surgical Hospital in April 2006. For more information, visit www.TOSHospital.com.
